- (3) This is the only indication that the bomber regiment previously reported is still stationed at the field, although it is possible that it is stationed at the airfield northwest of Krasnogvardeisk. [REDACTED]
- (4) The presence of conventional Yak fighters indicates that the fighter regiment at the field was still being re-equipped and that its old planes were still there.
- (5) The observations made in summer indicate that high-altitude flights were made and that the cockpits were not heated.
